CAMARA IS TOO LATE

His Delay at Suez Is Fatal to His Mission.

DEWEY IS TOO STRONG TO BE DRIVEN FROM MANILA.

Washington, July 1.—Special—The permission given by the Egyptian government to Camara to coal before entering the Suez canal causes little surprise here. This favor may be nullified, however, by the refusal of Great Britain to permit the passage of the ships through the canal. The canal is owned by British capital, and is subject in greater or less degree to British influence. But whether or not Camara passes will make little difference to the United States. Dewey has now received all the reinforcements he needs, and is abundantly able to cope with Camara and German fleet into the bargain. But it is not believed the German admiral will interfere. The warning sent to Berlin by Great Britain, mention of which was made in these dispatches yesterday, will probably be sufficient. If not Lord Salisbury's speech yesterday will emphasize it. England has taken such a decided stand in the matter that she will be forced to sustain the United States even at the risk of war with Germany.

Flying From Santiago.

Sevilla, July 1.—Special—Non combatants are fleeing from Santiago in every direction. All have received permission from Linares to pass through the Spanish lines, but those with Cuban sympathies prefer a refuge in or beyond the lines of the American troops. At least five thousand have already left the city. They report a great scarcity of provisions and water. The wants of the troops are first cared for regardless of the suffering that may exist among citizens. It is thought the greater part of the population will have deserted the city before the battle begins.

A Fruitless Bombardment.

New York, July 1.—Special—A cable to the Journal from Santiago this morning says four American warships bombarded Manzanillo yesterday, and did much damage to the shore batteries. The Spanish guns replied, and compelled the Americans to retire with one vessel disabled. It is believed the Americans, learning that Pando had left Manzanillo with reinforcements for Santiago, hoped to land enough men to take the city and destroy its defences.

Activity at the Front.

Kingston, Jamaica, July 1.—Special—A dispatch received from Sibony yesterday says Shafter intended to make a demonstration against the Spanish positions west of San Juan yesterday. At the time the dispatch was sent great activity prevailed, light artillery was being rushed to the front and troops were being placed in position. It is believed when Shafter moves on Santiago Sampson's fleet will move into the harbor.

Spanish Soldiers Starving.

Washington, July 1.—Special—The war department official's refuse to divulge the contents of a dispatch received from Shafter late last night. It is said one statement in the message is to the effect that a hundred starving Spanish soldiers have thrown themselves on the mercy of the American commander.

The Havana Blockade.

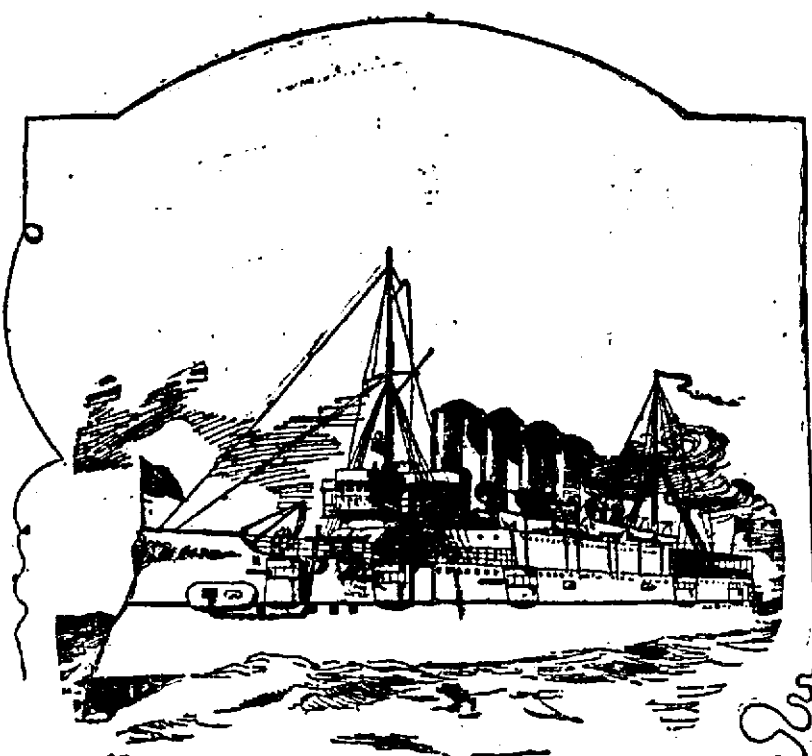

Key West, July 1.—Special—Word comes from the Havana blockade to the effect that work on the fortifications is being pushed with vigor. Within the past ten days the Maribel batteries have fired more than a hundred shots at our vessels, none of which struck.

Watson's Orders.

New York, July 1.—Special—A Herald special says Watson's orders direct him to pursue Camara's squadron relentlessly, even if it takes him to Manila. The Spanish ships must be captured or destroyed.

News From Manila.

Hong Kong, July 1.—Special—The latest advices from Manila are that the American transports had not arrived yet. The insurgents are still entrenched within a mile of the city.

UNITED STATES CRUISER COLUMBIA.
The Columbia is one of the fastest commerce destroyers afloat, and the finest vessel of her class in the American navy. A feature of her trial trip was a run up the full pressure across the Atlantic, at which time she proved herself capable of outrunning anything in the line of a warship afloat excepting fast torpedo boats and torpedo boat destroyers.

POISON FOR CZARINA, A PROSPEROUS YEAR

Wife of the Emperor of Russia Had a Narrow Escape From Death.
Bucharest, July 1.—[Special]—A rumor is in circulation that a plot has been discovered to poison the Czarina. Her escape from death was providential. Arrests are expected, as the police are working on the case.

The Last Fiscal Year Has Been the Best in American History
New York, July 1.—[Special]—Financial and business men say that the fiscal year which ended last night has been one of the most prosperous in American history.

TELLS OF GHASTLY SIGHTS.

George Kueck, of This City, Writes Home from Jacksonville.
George Kueck, son of ex-Alderman and Mrs. Kueck, of this city, writes home an interesting letter from Jacksonville, Florida, where he is now in camp with the local military company. He reports warm weather during the day but cool nights.

The boys, he says, have been enjoying ocean baths near the city of Jacksonville. They also visited an old Spanish fort near Jacksonville, the walls of which are made stone-like by a soil-shell composition.

"We went through a recently discovered dungeon in this fort," said Mr. Kueck in his letter, "which contained six crosses that prisoners were tied to. A torture chamber was next visited, and here we saw where men were pulled apart limb from limb. In another dungeon in the same fort we were shown where the walls were four feet thick, and where two skeletons were found chained to the wall about four feet apart. They were man and woman. There was also a hole in the center of the floor which led to a large quick sand pit into which victims with large heavy weights attached, would be dropped, never to leave as much as a trace behind."

NO BUSINESS IN THE EAST

Circus Men Find the Eastern Trip An Unprofitable One
Warren Patrick of this city, who is with Ringling Bros.' circus, writes local friends that the show is coming west. The war scare in the east has had a tendency to make the show seek western territory. Last Wednesday they played in Sycamore, Ill., attracting 8,000 people. Special excursion trains were run from De Kalb over the Northwestern and Chicago Great Western railroads. The circus went from Sycamore to Dixon, where it exhibited yesterday.

TOOK A TRIP TO THE COUNTRY

Baptist Ladies Obtained Relief From the Heat at Footville.
Several of the members of the Ladies' Aid Society, of the Baptist church, spent the day at Footville, the guests of Mrs. Pennick. The trip from this city was made overland in carryalls, the party getting an early start before the heat of the day set in. On their arrival they found everything in readiness, which included the serving of a most tempting repast. The day was an ideal one for just such a trip, and the occasion was one much enjoyed.

STRUCK WAVE OF PROSPERITY

Richardson Shoe Company is Doing a Rushing Business at Menominee
The Richardson shoe factory, which moved from this city to Menominee, Mich., already have enough orders on hand to keep the factory running till the first of next December. Since removing from this city they have commenced the manufacture of gentlemen's shoes, and in this line they are securing the greater portion of their orders.

SHAVING for bedding 50 cents per load; kindling wood \$1.00 per load. Jeffries Planing mill.

McNAMARA sells hardware

FIGHTING HAS BEGUN

Adversaries At Santiago Are In the Heat of Battle.

NO INTELLIGENCE AS TO RESULT HAS YET BEEN RECEIVED.

Washington, July 1.—Special—The war department received the following from Shafter this morning: "Action now going on, but firing is only light and desultory. It began on the right near Caney, Lawton's division. He will move on the northeast part of Santiago."

Washington, July 1.—Special—The receipt of Gen. Shafter's dispatch stating that fighting had begun created intense excitement at the departments. The belief is that Shafter will capture the city within forty-eight hours. Officials are fully convinced that the American troops will celebrate the Fourth of July in Santiago.

Washington, July 1.—Special—At one o'clock a dispatch received says fighting is going on heavily on both sides, Cervera's fleet firing on the troops and a number of Americans and Cubans wounded have been brought in. Sampson's fleet is firing on Morro. The Vesuvius used her dynamite guns with good effect. The engagement was general and extended all along the line. The operations seem to be directed more strongly against the fortifications at Morro, the troops operating against the forts from the rear and the Vesuvius attacking in its front. With Morro silenced and the mines out of the way Sampson may enter the harbor and attack the Spanish fleet. With Cervera's vessels out of the way the Spanish forces will be between two fires, and victory will be easy.

Pando Comes Too Late.

Off Santiago, July 1.—Special—Gen. Pando will not reinforce Linares at Santiago. Shafter's troops now command every entrance to the city, and can prevent a junction of the Spanish forces with little loss to themselves. Pando is yet nearly forty miles away. His advance is slow, as he is constantly harassed by guerrilla bands of Cubans who are doing effective work in the old style of fighting for which they are adapted. Shafter will receive ample warning of Pando's approach and will be prepared to receive him. With a few hundred men the Spaniards can be held in check, while Linares and Cervera are being annihilated in Santiago. Reinforcements for Shafter, sent on the Yale, are arriving. The road from Baiquiri has been put in excellent shape by the American engineers, and the newly arrived troops are experiencing but slight difficulty—nothing at all comparable to the trouble the main expedition was compelled to face. The troops are all enthusiastic and confident of victory.

Just Before the Battle.

Off Santiago, July 1.—Special—The booming of big guns will begin here within a few hours. Gen. Shafter has reached a position where his infantry can be effective against Santiago, while his siege guns are due upon the heights. When he gives the signal Admiral Sampson will force the entrance to harbor and engage Cervera's fleet. The armament of the Spanish ships has been made less effective by the transfer of many guns to the land forces, and Sampson need have little fear of being overpowered. The engagement promises to be one of the most eventful of modern times.

Siboney, July 1.—Special—The situation of the Spaniards in Santiago is extremely desperate. Famine exists everywhere. Many are dropping dead from starvation. Water is scarce, owing to the supply pipes being cut off by the American troops.

To Intercept Pando.

Washington, July 1.—Special—The work of intercepting Pando on his march to the assistance of Santiago has been entrusted to Gen. Garcia, who, with about 20,000 Cubans, has gone to the westward of the city. He will not engage the advancing army in battle, but obstruct the roads and harass the troops from the mountains and thickets that line the route. With an unobstructed highway Pando might reach Santiago by Monday morning, but impeded as he will be, he cannot hope to see the city before Wednesday or later. By that time it is believed the decisive battle will have been fought.

NEWS FROM NEARBY NEIGHBORHOODS

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

Rock River, July 1.—Ona Grace and Henry Pierce will start Friday for Milwaukee for a four days' visit with relatives. N. M. Rose visited relatives in Whitewater, Friday and Saturday. May Green is visiting relatives at Fall River. Jennie Rose's school closes at Harmony, Friday. Hattie Ashley attended church at Milton last Sabbath. Mrs. Mercy Garthwait visited a few days with her son, Orson Garthwait, at Milton Junction. Mr. and Mrs. John Looftoro, of Welton, visited their son, Wade Looftoro, this week. Quite a number of this place attended the commencement exercises at Milton, Wednesday. The flower committee of the O. E. society sent a box of flowers to the flower mission at Chicago this week. Mrs. Lucius Garthwait, Mrs. Hattie Burd and Lottie Barnes, of Fort Atkinson, spent Friday with Mrs. John Ashley. Mrs. Henry Maryott is improving slowly. The Misses Noma and Mary Merrifield visited Mrs. Harry Swader. Sunday afternoon, a number of the Rock River people attended a surprise party given Mrs. Defrost Buten. Among those present from this place were: Mrs. Elmer Vincens, Mrs. G. E. Brightman, Mrs. Bilda Hall, Mrs. Almira Vincent, Mrs. Elea Bond and Mrs. Orlo Vincent. All report a good time.

Fairfield.

Fairfield, July 1.—A large crowd was in attendance at the Woodman's dance last Thursday evening, and Mr. and Mrs. Williams were untiring in entertaining their guests. A. Card is visiting friends in this vicinity. A picnic party of nearly fifty from this vicinity enjoyed an outing at Delavan Lake last Saturday. The most severe storm of the season visited us last Friday night. A complete birthday surprise was given Mrs. Brodland last Friday afternoon by her lady friends. All report a delightful visit. Dr. W. G. Clark, of Marinette, Wis., and Miss Katherine Kellum, of Beaver Dam, Wis., called on friends this week. Supervisor Robinson drives a fine new surrey. The average price paid by the Fairfield creamery for May milk was nearly fifty-seven cents per hundred pound. The bountiful supply of fruit keeps the housewives busy these days. Many of the farmers have begun haying, and the crop of clover is very heavy. The friends of Ed Smith are glad to welcome him back to his former home. He has been attending the Chicago Medical college for the past year, and will spend his vacation on the Duthie farm.

Magnolia.

Magnolia, July 1.—Rev. Wm. New is at home again. Miss Edna Cliffford closed her school in the Richmond district last Friday. Wilson Brown is again very sick. The Woodman will have a celebration here the fourth of July. There will also be a flag raising in the morning at ten o'clock. Rev. Rollins, of Evansville, will deliver the address. There will be singing and martial music, and a good time is anticipated. Everybody come. The tea and strawberry social at the Misses Harkins was a success socially and financially. A neat sum being netted for the benefit of the church. Mr. and Mrs. Charles Emmons have gone to Eau Claire where they expect to make their future home.

Lima Center.

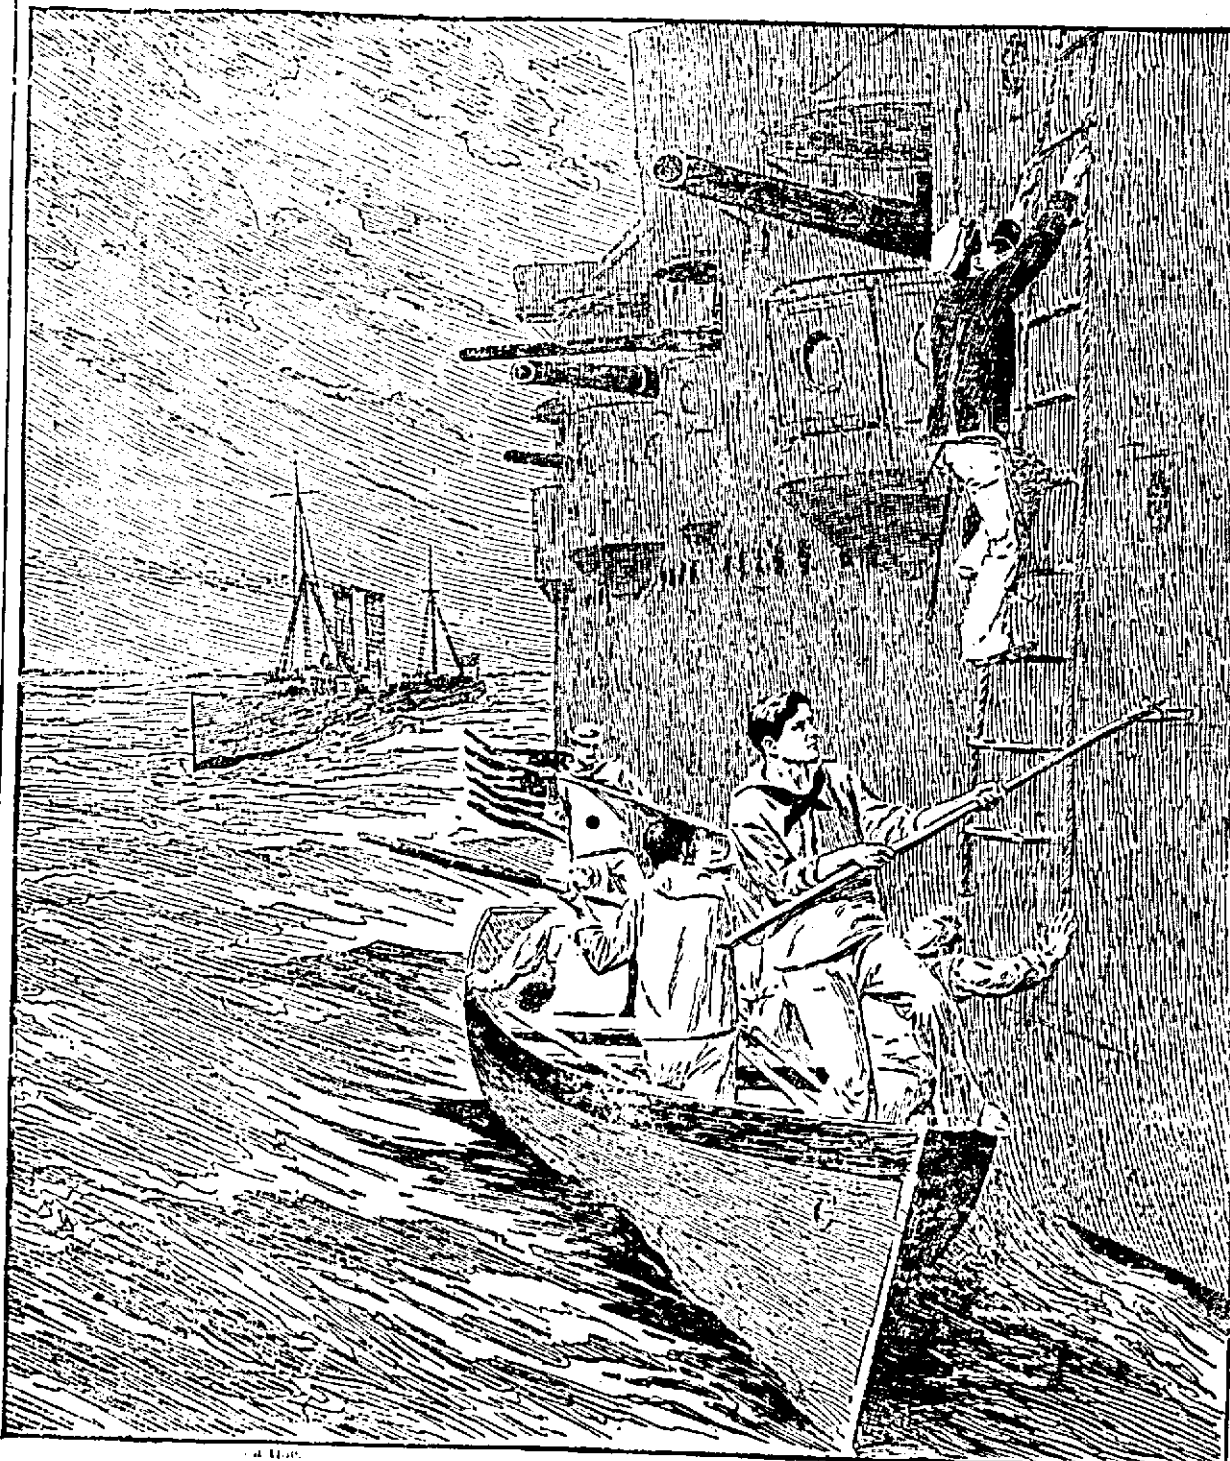

Lima Center, July 1.—Mr. E. W. Hulse, and daughter Grace, of McPherson Kansas, are visiting relatives in this place and Whitewater. A good many went from here to Milwaukee, Monday. Miss Mina Plunor is visiting friends in Janesville. Miss E. Child went to Whitewater Friday to visit a few weeks. Mr. Rogers, of Janesville, visited at Fred Gould's last Wednesday. Rev. Bray, of Raymond, was a caller here Monday, on his way home from the yearly meeting. Miss Margaret Byne, of Arlington, was a guest of the Boyd girls the past week. Mrs. Allie Gould enjoyed a visit from her parents and sister the first of the week.

Indian Ford.

Indian Ford, July 1.—Mr. and Mrs. Ora Wells, of Janesville and E. D. Wells, of Huron, S. D., were very welcome callers on A. Call's people had other Ford friends Monday. Mr. and Mrs. W. B. Ties visited Mrs. Titus' grandparents in Milton Sunday. Miss Mary Cox is slowly recovering from her sickness. Mrs. Proctor and daughter Leo, visited Mrs. Proctor's brother and family and other friends in this vicinity last week. Mrs. P. S. Hopkins is visiting her daughter, Mrs. Morris Eddington, of Janesville. Miss Emma Selil closed a very successful term of school in the Lackner district last Friday.

Porter.

Porter, July 1.—Mr. and Mrs. Bert Heffernan are rejoicing over the safe arrival of a son at their home. All doing well. D. E. McCarthy, of Janesville, was a caller on Monday. J. Peach had a valuable horse killed by the storm Friday night. Eagle creamery paid an average price of fifty cents per ewt. for milk during the month of May. Henry Knowl not with quite a serious accident recently by being thrown from a load of hay his face was cut quite badly, but he

DESPATCHES FOR THE ADMIRAL. FROM HARPER'S WEEKLY. DRAWN WHILE ON THE FLAG-SHIP BY RUPES FAIRCHILD ZOGHACM. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

In these days of the telegraph, it is difficult to realize that the commander of any of our fleets may necessarily be for days and weeks beyond the reach of instructions from Washington. When one considers the great value of concerted action between the various squadrons, it is readily perceived what a great practical obstacle this has been to the effective conduct of the war, and now there has been added, within a few days, a necessity of careful and exact co-operation between land and naval

forces which emphasizes the importance of reliable means of communication between the war department and the fleet.

Communication on the ocean is one of the practical difficulties attaching to the sea as a scene of action which landmen seldom appreciate. The elaborate system of signals used in clear weather to convey information from ship to ship, can be used only in a limited number of cases and a swift and sure dispatch boat service is as important to a modern commander as it was to Nelson a hundred years ago.

It is no wonder that the arrival of despatches for the admiral, as pictured in the illustration reproduced to-day from Harper's Weekly, is an event of the greatest interest to the sailors of the fleet at sea. Instructions possibly for instant and deadly battle may be carried by the jaunty ensign, clambering up the side of the grim flag-ship, and the old tars keep their eyes open for the flutter of the well-known signals, meaning that the chance has come for that glorious fight and victory for which they are all looking.

There will probably be a repetition of the performance at an early day, when some of the crudities of last night will no doubt be remedied.

NOT GOOD FOR SOLDIER BOYS

Those From Here Who Send Delicacies Must Cease Such Work.

Friends of Company A in this city who have been sending the boys box after box filled with delicacies, must cease all such operations in the future. The war department has given out the following statement, which has the approval of the president and Secretary Alger:

"The sending of delicacies to the army, although most generous and fully appreciated by the war department, will no longer be encouraged, as it has been found that such delicacies for troops in the field are injurious rather than helpful. The secretary of war suggests that donations of this character in the future be sent to hospitals only, and that the surgeon general of the army be consulted as to where they will be most needed."

HORSE RACES AT CLINTON

Janesville Nags Will Compete For Prizes on the Fourth of July

Janesville horses will take part in the races to be given at the Clinton driving park on the fourth of July. Anthony Dixon and James Scott have each made an entry and judging from all reports they expect to at least carry away a portion of the honors. Edgerton horses are also entered and a somewhat sport is looked for. A good sized delegation will go from here on the noon train.

BAND CONCERT THIS EVENING

Imperial Will Discourse Music in the Open Air Tonight

The first of a series of open air concerts to be given by the Imperial band will take place this evening. The program will be as follows:

1. March "Alexandria".....Laurendeau
2. "Welcome".....E. N. Catlin
3. "Hearts and Flowers".....Tobias
4. "Birds Keer".....Souza
5. Majestic Waltzes.....Barker
6. Song and Dance, Sweet Smiles.....Laurendeau
7. War Songs of the Boys in Blue.....Laurendeau
8. March—Lewistonian.....T. D. Holt

To The Public
I hereby announce myself as a candidate for the republican nomination for the office of Sheriff of Rock county and respectfully request the support of all who think favorably of my candidacy.
WALLACE COCHRAN,
Janesville.

LATE NEWS BY TELEGRAPH

LINARES CAN NOT ESCAPE.

Gen. Shafter Has the Spaniards Hemmed In.

SANTIAGO IS AT HIS MERCY.

Review of the Advance of the Invaders Since the Landing from the Transports at Daiquiri—Victory of Our Men Will Be Complete.

Washington dispatches indicate that the battle of Santiago has begun. President McKinley was receiving important dispatches up to a late hour from Gen. Shafter, who is now in direct communication with the capital.

The first of these messages was received about 11 o'clock last night and they continued at frequent intervals. No details were given out, but it is understood an important engagement occurred yesterday afternoon, the fighting beginning about 4 o'clock.

Madrid, July 1.—It is rumored here that a great battle has been fought at Santiago, resulting favorably for the Spaniards. The report is unconfirmed.

New York, July 1.—Gen. William R. Hearst has accomplished great results in seven days his men have been in the trenches. He has driven the Spaniards into their last trench, the City of Pigeons, and has placed his men in such position that he can, as he notified Washington yesterday, take the beleaguered city in forty-eight hours.

Our forces will advance against the city in four directions, moving from northwest, northeast, east and southeast at the same time.

It is Gen. Shafter's plan not only to take the city, but he intends not to allow Gen. Linares to escape with his army. He has formed plans by which he is confident of capturing the largest Spanish force in eastern Cuba, and which will enable Admiral Sampson to capture the best vessels of the Spanish navy.

There were developments of the greatest importance at the east of Santiago Tuesday. Gen. Shafter, after careful consideration, ordered Gen. Kent to move with his troops to the north. This order was carried out successfully, and Gen. Kent is now encamped at El Caney.

With Gen. Garcia's Cuban forces he will press on to the north and west, while Gen. Wheeler and Gen. Lawton will fill the gap which the advance of these forces will make. Their places in turn will be taken by detachments of the army now at Gen. Wheeler's headquarters at Sevilla, while the rough riders and some of the regulars will press to the east, in the direction of Morro castle.

Escape for Gen. Linares thus will become impossible. He will be hemmed in on all sides, completely at Gen. Shafter's mercy.

This movement of troops to the positions assigned has been in progress since the first day of landing. With the single exception of the fight at La Quasinas, in which sixteen of our men fell, the Spaniards have offered no serious resistance. The American forces have been marching to surround the city since Monday, but at none of the strategic points in the vicinity have they encountered the enemy.

Less than half a mile now separates the outposts of the two armies. Gen. Linares seems to have abandoned entirely the aggressive policy he formed just prior to the debarkation of the American troops. Stolid and hopeless, he awaits Gen. Shafter's onslaught, determined to sell his military honor dearly.

There is certain to be fighting of the most desperate character before the city can be taken. Gen. Shafter has deferred the assault in order to get all of the artillery and plenty of ammunition to the front. He desires the battle to be decisive, so it may end the campaign in that part of the island.

Men and women, panic-stricken, are fleeing from Santiago to avoid the arm of war which is about to break. They are Cubans for the most part. Gen. Linares, glad to be rid of them, wishes passes, which enable the fugitives to go through the Spanish lines. Many of these refugees have entered the American lines. They estimate the strength of the Spanish army in Santiago at from 8,000 to 12,000 men. They report a great scarcity of food in the city, and assert that widespread terror exists among the non-combatants, who dread the horrors of a prolonged siege.

Fully half of the population of Santiago will celebrate the day on which the Americans enter the city. They are looking for the attack to be made and the battle finished in the belief that after it is over better conditions than at present will prevail in that last citadel of the Spanish in the province of Santiago de Cuba.

Admiral Cervera and Gen. Linares, according to the general belief in Santiago, will allow the Americans to reap a few benefits as possible from the capture of the city. It is Admiral Cervera's plan, according to the reports brought by refugees, to blow up his warships the moment the Spanish flag is hoisted by the stars and stripes on Morro castle. Gen. Linares, it is added, has his plan laid to blow up the army.

proclamation to his soldiers, declaring that a powerful fleet was on its way with reinforcements and exhorting his men to defend the city tenaciously until the reinforcements arrive.

Linares, however, is regarded merely as Gen. Linares' method of trying to keep up the courage of his men. Privately the Spanish officers are complaining bitterly because Gen. Blanco, who as yet is threatened by no foe on land, has left them to their fate. They have hopes that Gen. Pando, with 8,000 to 10,000, will come to their aid, but Gen. Shafter's course in sending his men to surround the city lessens the chances of success from that source.

Sixteen thousand American and Cuban troops now hold all of the desirable positions between Pinar and El Caney, a distance of five miles. Gen. Garcia's men, barefoot but game, follow Gen. Kent to the north. Gen. Wheeler's division, consisting of two brigades of mounted cavalry, forms the left, while Gen. Lawton's division and the rough riders are in the center.

Ten Thousand on the Way.

Washington, July 1.—The secretary of war has received a telegram from Maj. Gen. Otis at San Francisco saying that the three military expeditions which have already started for Manila were made up as follows:

First, May 25—One hundred and fifteen officers and 2,356 men, Gen. Anderson commanding.

Second, June 15—One hundred and fifty-eight officers and 3,428 men, under command of Gen. Greene.

Third, June 27—One hundred and ninety-seven officers and 4,650 men, in command of Gen. McArthur, making a total of 470 officers and 10,464 men.

Great Britain's Position.

London, July 1.—Though on a casual reading the remarks of Salisbury's speech at the United club Wednesday night seems to have been an attempt to carry water on both shoulders, the diplomatic body here construes it as a pronouncement of Great Britain's partiality. There is no doubt that the premier intended his remarks as a hint to the powers that Great Britain was in sympathy with the United States, and the intimation to that effect was called forth by Germany's alleged attitude as to the Philippine islands.

Garcia May Head Off Pando.

Playa del Este, June 28 (delayed in transmission).—It is believed that Gen. Calixto Garcia, whose forces were taken to the east in order to co-operate with the United States army in the capture of Santiago, will be sent with 8,000 of his men to stop the advance of Gen. Pando, the Spanish commander, who with 7,400 troops, many pack horses and a quantity of cattle on hoof has arrived at a point seventy-one miles from Manzanillo, going east toward Santiago de Cuba.

Indiana Troops Mobilizing.

Indianapolis, Ind., July 1.—The twelve companies that will make up the 161st Indiana regiment, furnished under the second call, will all be in camp here by Saturday evening. William T. Durbin was commissioned as colonel of the regiment. After all the effort that was put forth to make places for two independent colored companies from this state, offered by colored men, only 100 men have responded out of the 212 wanted.

To Be Brigadiers.

Washington, July 1.—The suggestion is made in high military quarters that Col. Wood and Lieut.-Col. Roosevelt of the rough riders may be raised to the rank of brigadier-general in recognition of recent daring exploits of this body of men in the advance on Santiago. Thus far the matter of promotion is not known to have advanced beyond the stage of comment, although, as stated, it is the belief in military quarters that this promotion is likely to result.

Spanish Agents Caught.

Portsmouth, N. H., July 1.—Two strange men were arrested in the Portsmouth navy yard shortly before noon Thursday, in the vicinity of the magazine. The men were first seen by a sentry in a clump of bushes on a hill, back of the marine barracks, and as soon as he challenged them they walked toward him and gave themselves up. The men would give no information about themselves. They are now confined in the guardhouse.

Porto Ricans Ask Liberty.

London, July 1.—The Paris correspondent of the Daily Mail says: "Dr. Betances, in the course of an interview, declared that the Porto Ricans would resist American invasion. He said Premier Sagasta favored granting independence, but feared popular opinion in Spain. If America were to issue a proclamation, said Dr. Betances, to the effect that she had no intention of seizing the country, it would have a good effect."

Iowa Men Are Gathered.

Des Moines, Iowa, July 1.—Iowa's two light batteries, apportioned under the second call, arrived here Thursday from Cedar Rapids and Burlington, where provisional organizations were accepted. They are quartered at Camp McKinley and will be kept here until fully equipped. The batteries have had considerable drill. They will be mustered in next week.

Earl's Clover Root Tea for constipation.

It's the best, and it's for

Change Made in Plans.

Camp Eaton, Island Lake, Mich., July 1.—The plan of examining the companies for the Thirty-fifth regiment in their home towns has been given up, as Col. Irish finds it both slow and expensive. Surgeons and companies have therefore been ordered to report at Camp Eaton at once, where the examinations will be continued.

Eustis for Governor.

St. Paul, Minn., July 1.—William Henry Eustis, of Hennepin county, was nominated for governor of Minnesota by the republican state convention in session here.

Bob Moore, of LaPorte, Ind., says that for constipation he has found DeWitt's Little Early Bitters to be perfect. They never gripe. Try them for stomach and liver troubles. People's Drug Co., East Milwaukee street.

THIS DAY IN HISTORY.

1832—James Crichton, the famous scholar and gentleman ("The Admirable"), was assassinated at Mantua, Italy, aged 22.

1773—The Comte de Rochambeau (Ro-sham-bo), French general in America, born: died 1807. Rochambeau was the son of a governor of Vendôme. Entering the army at 17, he won promotion by his gallantry and soldierly abilities. For leading his regiment in an assault at Altona he was knighted and commissioned brigadier general. In 1780 Rochambeau reached America with 6,000 French allies for the Revolutionary army. The column landed in Rhode Island and by the skill of its leader crossed the country to New Jersey, defeating the British plans by the maneuver at Yorktown the valiant Frenchman led a decisive assault.

1863—Battle of Gettysburg begun.
1867—Thomas Francis Meagher, Irish patriot and American soldier, while governor of Montana fell from a steamer on the Mississippi and was drowned; born 1823.
1888—Reunions of the veterans of the armies of Lee and Meade on the field of Gettysburg to celebrate the twenty-fifth anniversary of the battle.
1860—Daniel De Foe, a literary descendant of the great author, died in San Francisco.

SOLID FOR MR. COOPER.

Kenosha Gazette—All Mr. Cooper will have to do to secure a renomination for congress will be to take care of his own county. Kenosha will be all right for him, and aside from O. F. Osborne, of Darlington, he will have little or no opposition. So far as Kenosha is concerned Mr. Cooper has made a most excellent representative. He has, in fact, done more for our interests than any other man has accomplished before him, and if he is kept in congress it will not be long until he may be at the head of the harbor committee; and that means much for the lake shore ports. The little post office squabble at Racine will cut but a mighty little figure in the convention—the fact will not be heard of beyond a few who are controlled by Starbuck. Kenosha democrats as well as republicans, favor his renomination because they believe he has tried to serve the interests of his constituents.

MR. HALL HAS THE FLOOR.

Madison Journal—It beats all how men's records will rise up to torment them. Just now Assemblyman Hall is charging that the expenses of clerk hire about the capitol have been increased, and yet these expenses have all been incurred under a law which Mr. Hall supported. Mr. Hall's attention was called to the fact when the bill regulating the number and salaries of clerks was pending, that it would increase rather than reduce expenses. He said that he knew this, but that he was under obligations to Mr. Jones, author of the bill, and that he had agreed to support it, and he did support it. Will Mr. Hall deny this? The columns of The State Journal are open to him.

Eau Claire Telegram—The burden of the war whoops emitted from time to time by the little coterie of ghost-dancers who are disturbing the outskirts of the Republican camp is an alleged observance to corporations. The anti-corporation cry is old, and there is a certain amount of cause for it, but no matter what the cause, it cannot justify entrusting reforms to the hands of an unreliable, vacillating, erratic class of agitators who are endeavoring to land themselves in office on false pretenses and who would not know enough when in office to enact satisfactory legislation. Gov. Scofield has been made the object of malicious attacks of these agitators, but his record on the subject is clear and his views are sound.

It is very evident from the rapidity with which the new bond issue is subscribed for, that the people have a large amount of idle money in their possession. It is thought that a still larger loan, at a smaller rate of interest would be taken quickly, as the people would not allow the government to become pressed for money.

The fact that Luigi Martarelli is on trial for murder in New York excites no interest. It is no more than is to be expected.

The Spaniards built barb wire fences about Santiago, but they are

from the country carried wire nippers with them when they went to the front.

Surely, the world do move. Napoleon Valcom, of Hudson, Mass., eloped with his step-mother. Now if some man will elope with his mother-in-law the newspaper paragraphs will have nothing left to talk about except the war.

It is now said that Americans own all the coal at Port Said, and that Spain could not buy any even if international law did not forbid. Your Uncle Sam, you see, is quite forehanded.

As General Shafter is a major general it should not appear that it is necessary for him to "await the arrival of the big guns." A major-general is about as big a gun as Uncle Sam has.

The Massachusetts man who eloped with his step-mother evidently believed that the "child shall be father of the man."

Admiral Sampson now commands the largest modern fleet ever assembled under one officer—107 vessels.

General Linera, the Spanish commander at Santiago, seldom smiles. Life is no joke with him.

JANESVILLE MARKET PRICES

Quotations On Grain And Produce are Reported For The Gazette.

Back of Old Stand

MANY TEACHERS TO VISIT THE CAPITAL

BOWER CITY WILL BE WELL REPRESENTED.

Ten of the Local Teachers Have Signified Their Intention of Making the Trip—Many of the Surrounding Towns Will Be Represented—Pleasant Trip Expected.

Janesville promises to be well represented at the convention of the National Educational association to be held in the city of Washington this month. Aside from Supt. and Mrs. D. U. Mayne and Misses Nettie Kent and Abbie Atwood, whose names have already been mentioned in The Gazette, six other teachers from the local schools have signified their intention of making the trip. Those who will go are: Misses Mary Holt, Margaret Patterson, Cora Clemons, Carrie Zeininger, Elizabeth Patterson and Prof. H. C. Buell.

Go From Nearby Towns.

A delegation of at least five teachers from the Edgerton schools will join those who go from here. The greater portion of those who will go from Rock County have already secured accommodations for board, and no trouble will be experienced in this particular. Attractive trips have been arranged over the different roads, and but one night will be required to make the trip from Chicago. Stop-over privileges will be allowed and excursion fares for side trips are so low that altogether it is an exceptional opportunity for sight-seeing in comfort at a moderate expense.

An Ideal Educational Center.

The advantages of Washington as a place for holding such a mammoth convention of this character are too numerous to be enumerated. It is first the home of the nation. Then the natural attractions of Washington, which has been simply styled the "Paris of America" will be thoroughly appreciated by those who attend the convention—the magnificent avenues and broad streets paved with asphalt and abundantly shaded; the splendid system of public parks, comprising in area nearly five thousand acres; the great public buildings; the various monuments; the zoological and botanical gardens; the picturesque beauty of the suburbs and of the surrounding country, especially along the valleys of the historic Potomac and such objects of national interest as the United States Soldiers' Home, Arlington, the Navy Stock, Rock Creek Park, Zoological Park and Mount Vernon.

The trip will be made in the most comfortable manner. The magnificent scenery of the Alleghenies and along the Potomac will be seen by daylight.

Among the numerous side trips out of Washington one may go to Baltimore, Md., and return for \$1.25, to Gettysburg and return for \$3.35 to Old Point Comfort and return for \$1.

WILL REPEAT IT TOMORROW

Columbian Fete To Be Shown Under More Favorable Circumstances.

It is felt by the ladies that the first production by no means developed the full beauties of the Columbian Fete and a second performance has been arranged for Saturday evening. Wherever irregularities were noticed last evening the assurance is given that they will be corrected and amended.

It was in regard to the music that the management felt most concerned last evening. On the time and rhythm of the music the dances and marches depended in a great measure. Deductions here were accentuated in the marked degree. Saturday night it is promised that there will be adequate and satisfactory music and that the church ladies who are in charge of the arrangements give assurance that the performance will be satisfactory in every respect. Miss R. B. Mathews will preside at the piano tomorrow evening.

Bernard seats in any part of the house will be twenty-five cents for the second performance and general admission will be 15 cents.

Mrs. Achsah Gleason.

The death is announced last evening of Mrs. Achsah Gleason, wife of J. E. Gleason, of the town of La Prairie. Deceased was fifty-six years old, and was born in Oneida county, N. Y., in 1841, and came to this country when she was fourteen years of age. Four years later, in 1845, she was united in marriage to Mr. Gleason. She leaves five children—two sons and three daughters—Urbine E., William E., Ruby L. and Lavonia A. Gleason, of La Prairie, and Mrs. Nellie Paul, of this city. Other members of her family are one brother and five sisters—William H. Goodson, and Miss Amelia Wilcox, of Deansville, N. Y.; Mr. Sarah Crandall, of Milton; Mrs. May Kemp of Bradford; Mrs. Ullie Wilcox, twin sister of the deceased, and Mrs. Josephine Nott, both of this city.

The funeral will be held from the home at 2 o'clock Sunday afternoon. The interment will be at Oak Hill.

To Celebrate the Fourth.

In order that our help may celebrate the Fourth of July our store will close at 5:00 o'clock a. m. All orders received before 9 o'clock will be delivered to any part of the city. Our customers should take notice of the foregoing facts and govern themselves accordingly. Sanborn & Co.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

A smart waist won't last but a day weather like this. You can afford to change them often when you can buy them for 39 and 50 cents such as we are selling out of these two bargain lots we received last week. Bort, Bailey & Co.

It would be better if you order your groceries Saturday, enough to last you until Tuesday, but of course if you find that you need stuff Monday we will deliver all orders received up to 9 o'clock in the morning. Store closes at 10:00 a. m. Sanborn.

UNCLE Sam and Columbia will give a reception to the states and territories, at the Presbyterian church, at 7:30 p. m. tonight, to which all are cordially invited. Ice cream and cake will be served. Admission 15 cents, which includes refreshments.

These shirt waists cost considerably more money regularly but our luck in finding a manufacturer who wanted money more than he did shirt waists gives us an opportunity of offering splendid values at 39 and 50 cents. Bort, Bailey & Co.

We are making a special offer on Burnham's Heavy Jellycon, the finest delicacy of its kind on the market. The regular retail price of Jellycon is 15c a package. We make a specialty of three packages for 40c and give free a souvenir spoon of Dewey's Macella war float. The spoons have gold bowls and are finished very finely. Sanborn.

En. J. Bennett wishes to deny emphatically that he or any of his friends has circulated a petition asking for his appointment as express driver in Janesville, under the new arrangement. The United States Express Co. is likely to place him in Chicago or Milwaukee; but there has

LOCAL RESIDENTS WILL CELEBRATE

HAVE RAISED A GOODLY SUM FOR FIREWORKS.

Celebration Will Take Place In Forest Park Monday Night—Committee Has Raised \$125 and the Powder Has Been Ordered—Slow Demand For Fire Works.

Janesville is to have a Fourth of July celebration after all.

Although not on as large a scale as was originally intended there will be a display of fire works Monday evening in Forest Park that will be a credit to the city.

Since the celebration was declared off by the committee in charge, there has been a strong feeling among those who first favored a celebration to have one to be given at a smaller cost.

N. B. Robinson was one who strongly favored such a plan and it was not long before he was out on the streets with a subscription paper in hand that met with most hearty approval.

A Goodly Sum Raised.

Those who subscribed gave sums ranging all the way from \$1 to \$5, and at a late hour this afternoon the sum of \$125 had been raised. The fireworks have been ordered, and as the sum subscribed was mostly given by Third ward residents, it is the intention to have the celebration in Forest Park Monday evening somewhere in the vicinity of the end of the street car line.

Ex-Alderman George M. McKay will have charge of the fireworks and a pleasant time is anticipated.

A Limited Demand.

Dealers in fireworks in this city anticipate an "off day" on July 4 and have figured that the demand for explosives will be comparatively small. Many of them now have large displays of various pyrotechnics in the show windows, but it is a noticeable fact that new instruments of noise and smoke are not very numerous. Indeed many of the varieties are decidedly "back numbers," resurrected from the store room from last year's over stock.

As Janesville will be anything but alive the Fourth as far as general celebration is concerned and as many of the neighboring towns will have glorious Fourth's, this will also make the sales of fireworks this year smaller than usual.

ARE GOING TO DAVENPORT

Special Train Will Carry Local Singers to the Banquet.

A special train for the biennial Banquet to be held at Davenport, Iowa, July 28 to August 1, will be run from Milwaukee and passes through Janesville carrying singers from Milwaukee, Sheboygan, Racine, Oconomowoc and Madison. Singers from Monroe will meet the train here. Thirteen members of the Concordia society will go from here. They are:

John M. Knoff, leader, Carl F. Brockhaus, Wm. F. Keltow, Charles W. Wisch, Fred Kochman, Peter Neuses, William Ernst, H. W. Frick, Philip Reuss, Ed. O. Smith, Henry Keuck, Antone Hanauwaska, Charles Hornum.

TOOK AN INSANE MAN HOME

Sheriff Acherson Had a Trip to Redfield, South Dakota.

Sheriff Acherson returned home last evening from Redfield, South Dakota, where he went with A. Kemmerer, an insane patient whom he transferred from this county to the keeping of friends at Redfield. The unfortunate man was here on a visit of late, and has not been in his right mind for some time past. He is fifty years of age, and well known in Redfield.

SMALL DEMAND FOR FLOWERS

Lawton's Green House Did Not Pay and Has Been Sold.

Too many green houses in this city and a slow demand for flowers has resulted in the sale of the Lawton green house and property on Oakland avenue in Forest park.

Thomas Edden, a well known farmer from the town of Center, has made the purchase of the property for the purpose of making his home there. He will not operate the green house.

The Adirondack Mountains

The heart of this wonderful region of mountains, lakes and streams is traversed by the New York Central & Hudson River railroad, and to more fully inform the public regarding its beauties and easy means of access the passenger department has issued a book entitled "In The Adirondack Mountains," describing in detail each resort, and containing also a large map in colors giving a list of hotels, camps, lakes, etc., together with their locations; it has also issued a large folder, with map, entitled "The Adirondack Mountains and How to Reach Them," giving complete information

WAR REVENUE TAX IN EFFECT TODAY

LOCAL BANKS REPORT STEADY DEMAND.

Will Take Some Time Before the General Public Get Used to the Law—Telegrams Out of Here. Are Also Included—Much Money Expended Here.

The war revenue act went into effect today and there was a good demand for stamps at the local banks. Judging from the way the public acted today in regard to the revenue tax it seems that many were not aware of the existence of such an act, or at least they appeared to be surprised.

Lay in a Supply

Many of the local business and manufacturing firms who are extensive users of stamps made heavy purchases today.

Some of the stamps, among them some of 1 cent denominations for bankers, use on checks and drafts, that have been received, were found badly glued together as a result of the heat. There is still some confusion in the interpretation of the provisions of the bill. Traders in stocks who now give promissory notes, with collateral notes given on all loans by bank, will have to pay the regulation tax though loans are made for one day only. The tax in this case might amount to more than 7 per cent. a year, in addition to the usual interest for carrying stocks now charged against the customer. It is believed that the tax will have to be paid with every transfer of stock.

Stamps on Telegrams

At the local telegraph offices today with every outgoing telegram a documentary 1 cent stamp was required.

It will hereafter be necessary for the senders of messages to attach stamps to their messages and to cancel the stamps in accordance with the law by writing their initials and date across them. The Western Union and Postal Telegraph companies and the cable companies operating from New York have arranged for a partial supply of stamps at their offices for sale to the senders of messages who may not be provided with them. The officials of the companies say, however, that they are not prepared to provide stamps in sufficient quantities to cover all the messages sent from their offices.

A Cuban Hero.

On Sunday evening Rev. A. C. Kempton will speak on Alberto J. Diaz, the Cuban patriot. The story of this man's life, who has recently been appointed interpreter on Gen. Miles' staff, is one of the most thrilling ever told, and makes a most fitting topic for the thought of patriots before the "Glorious Fourth." Everybody welcome. At the Baptist church, 7:30 o'clock.

Rebekahs, Attention!

Daughters of Rebekah wishing to visit Milton Saturday evening are requested to meet at 7 o'clock Saturday night at the North Main street hall.

The Doctor's Dilemma.

Smith—The doctor tells me that young Soffleigh has something like brain trouble. Jones—Can't he afford him any relief? Smith—No. He says it would be easy enough to get rid of the trouble, but it is impossible to locate the brain.—Chicago News.

WILL SEND A GREAT FLEET.

Commodore Watson to Have a Powerful Squadron.

SPANISH CITIES TO SUFFER.

All the Naval Force of the Country Will Not Be Able to Prevail Against the Fleet We Are Now Forming.—Time of Departure Not Fixed.

Washington, July 1.—Preparations in progress at the navy department indicate that the government is determined to more than carry out its threat to send a fleet to the coast of Spain.

Not only will a fleet be dispatched there, but it will be a larger and a more formidable fighting aggregation than the official bulletins promised. Just what armored vessels are likely to be added to the three named in the original announcement as constituting the eastern squadron cannot be said at this time. Their selection will probably depend on circumstances.

The Porto Rican expedition, which is the next number in the war program after the surrender of Santiago, is to be led by Maj.-Gen. John R. Brooke, now commanding the First army corps at Chickamauga, who will be made military governor of the island after its capture.

With the American army in possession of Santiago it will be made a sort of a base for the movement on Porto Rico. Being but a little out of the way of the direct route from Florida to Porto Rico, it is admirably suited, army authorities say, for a halfway station between Tampa and San Juan.

With Gen. Merritt in the Philippines and Gen. Brooke in Porto Rico, it will remain for the other ranking major general of the army, Gen. Miles, to lead the main expedition against Havana when the time comes for the final movement to drive the Spaniards out of Cuba.

MAY AGAIN CALL TROOPS.

President Contemplating a Third Proclamation for Volunteers.

Washington, July 1.—Representative Hull, chairman of the military affairs committee of the house, had a conference with the president Thursday concerning army legislation. Senator Hawley, the head of the senate committee on military affairs, also came to see the president, but, owing to the rush of visitors, did not wait. His mission, however, was mostly on state military affairs, which also was part of Mr. Hull's object.

Senator Hawley, while not intimating what he expected, stated positively that he had heard no suggestion of a third call for volunteers, as has been persistently rumored for several days.

Another well-known senator, however, who is one of the president's close advisers, said he believed there would be a call very soon, but doubted if as large a number as 100,000 would be asked for. He thought that there could be no definite conclusion yet. He pointed out, however, that the war was assuming far larger proportions than had been expected, and that undoubtedly, sooner or later, a large number of troops would be required.

German Thunder from London.

London, July 1.—The Star says it has grounds for "believing the European powers will not consider Rear Admiral Dewey justified" in opposing a landing of foreign marines. "As Manila is still under Spanish rule," the Star remarks: "A foreign correspondent assures us that the German occupation is already an accomplished fact." Inquiries made on the subject show that the Star's story about the situation at Manila is utterly discredited here, and inquiries at the embassies show that the diplomats here have not heard of any such occurrence as the landing of German forces at or near Manila.

Temperance Congress Opens.

New York, July 1.—The international temperance congress was convened in the auditorium at Prohibition park, Staten Island, Thursday, and will continue in session one week. The session of the Greater New York conference of the W. C. T. U. was held, delegates from every section of the state being present. Mrs. Sarah R. Morris presided in the morning and in the afternoon Mrs. Ella A. Boole occupied the chair.

Milwaukee's Brilliant Show.

Milwaukee, Wis., July 1.—The feature of the carnival Thursday was the pageant representative of the industries of Milwaukee. It was the finest and at the same time the largest display of the kind ever seen in the city, and was witnessed by thousands along the line of march. The brewers presented the most elaborate floats, and they equaled any that have been seen in the southern cities.

Head for Porto Rico.

London, July 1.—According to a special dispatch from Madrid, the Spanish trans-Atlantic steamers, Isla de Luzon, Ignacio de Loyola and San Augustin, have left Cadiz for Porto Rico on an important mission, carrying large quantities of stores, coal and ammunition.

Brooklyn Not Damaged.

Washington, July 1.—No word has come to the navy department from Admiral Sampson making the slightest reference to the Spanish story of the sinking of the Brooklyn.

Head and Heart.
"A woman at 20," remarked the observer of men and things, "will take a man's tears as indicating a soft heart; at 30, as indicating a soft head."—Detroit Journal.

"Indeed?" replied Dr. Paresis.

"Yes, sir; it is. Why, I can't even sleep when it is time to get up."—N. Y. World.

FACTS ARE STUBBORN

If Janesville People Are Not Convinced By Local Testimony They Differ From Other People.

Our readers must have noticed in the past two years how "cures have multiplied in the newspapers like mushrooms in a meadow, and following the plethora of "cures" the general public have turned remarkably skeptical. Facts are demanded, but it has all become essential to know who supplies them, where are they from, in fine, whom have you cured? Doubting Thomas would not accept a par incredible cures on the other side of the continent. He wants it at home. "Give us some neighbors then, I will believe," is what he asks for. Well, Dan's Kidney Pills do this. Call it what you like, at home, local or neighbors testimony, it can always ascertain the truth of it without leaving Janesville. Here is a case:

Mr. J. M. Steadon, of Hotel Myers, day clerk, says: "I was thoroughly examined by a physician some time ago who pronounced my trouble kidney complaint. If the severe pain across the small of the back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks which when not virulent then existed as a dull, grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Dan's Kidney Pills at the Janesville Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Dan's Kidney Pills and it cured me. Up to date, and it is some months since, I have not noticed any recurrence of my old trouble."

Dan's Kidney Pills are sold by all dealers. Price, 50 cts. Sent by mail on receipt of price. Foster-McBarn Co., Buffalo, N. Y., sole agents for the

THE WAR WILL CONTINUE.

Spanish Sentiment Is Against Peace Measures.

CABINET CRISIS POSTPONED.

Admiral Camara Begins Coaling from His Own Coilers at Port Said, and Is Ordered by the Governor to Leave.

Madrid, July 1.—The result of an inquiry which has been made during the past few days is that the war is going to last, and whatever may be the peaceful intentions of the government the popular sentiment does not admit of the question of negotiations for peace. The idea of the American fleet coming to bombard the Spanish ports seems to have augmented the war fever.

Ministers Postpone Crisis.
London, July 1.—The Madrid correspondent of the Standard says:

"After a cabinet council of several hours' duration Thursday the ministers decided to postpone the crisis and to await the results at Santiago and Manila."

"The flying squadron under Lieut. Com. Sobra is intended to signal the approach of the Americans."

Camara Ordered to Leave.

Port Said, July 1.—The steamer Isla de Luzon, laden with coal, has joined Admiral Camara's fleet in this harbor. The San Ignacio de Loyola, also laden with coal for the Spanish squadron, arrived at 8 o'clock Thursday evening. The war ships have been coaling from their own coilers with their own crews, but the Egyptian government has now forbidden the further transshipment of coal in this harbor.

So far the torpedo boat destroyers have been supplied with coal from the transports.

The governor of Port Said has also received instructions from Cairo to request Admiral Camara to withdraw his fleet from here as soon as possible.

Violates Neutrality Law.
London, July 1.—It is learned that the Egyptian government has decided to notify Admiral Camara that the continued presence of the Spanish fleet at Port Said is violating neutrality and that the warships must leave.

OUR INCOME AND OUTLAY.

Receipts and Expenditures as Compared with Those of a Year Ago.

Washington, July 1.—Thursday's statement of the government's receipts during the present month will aggregate about \$33,500,000, and for the present fiscal year about \$304,500,000. These receipts include about \$1,500,000 which is likely to be reported today.

The receipts from customs last month will be shown to be about \$14,500,000, a loss as compared with last June of about \$7,000,000. The collections from internal revenue will show an increase approximating \$3,750,000. For the entire fiscal year the receipts from customs will amount to a little less than \$100,000,000, a loss as compared with the last fiscal year, 1897, of about \$20,500,000.

The internal revenue receipts will amount to about \$170,000,000, a gain of \$23,500,000. Up to this time the actual cash expenditures on account of the war amount to about \$60,000,000.

Senate Work Nearly Finished.

Washington, July 1.—Late Thursday afternoon the senate cleared the legislative desks for what may be the final action upon the Hawaiian annexation resolutions. Through its action the last of the appropriation bills that have been pending in conference were disposed of, and was a law before midnight. After a debate lasting three hours the senate finally receded from its amendments to the sundry civil and adopted the conference on Indian appropriation bill. Mr. Bate (Dem., Tenn.) and Mr. Tillman (Dem., S. C.) discussed at length the Hawaiian annexation resolutions.

Oppose American Bank Bill.

Washington, July 1.—An attempt to secure passage of the bill to incorporate the International American bank met with determined opposition Thursday in the house. Filibustering was indulged in, but it was not effective in preventing consideration of the bill. Adjournment, however, was forced before a vote upon the measure could be reached. The house adopted the report upon the Indian appropriation bill, insisted unanimously upon its disagreements to the senate amendments to the sundry civil bill and sent the general deficiency bill to conference.

Indian Congress Approved.

Omaha, Neb., July 1.—A telegram was received from the Nebraska delegation in congress Thursday announcing the final passage of the Indian congress bill appropriating \$40,000 to pay the cost of bringing the representatives of all American tribes to Omaha. Anticipating the passage of this bill, the commissioner of Indian affairs has arranged the details for assembling these Indians, and it is now only a matter of time consumed in transportation.

Pack for Senator.

Detroit, Mich., July 1.—At the earnest solicitation of his friends in the upper peninsula Albert Pack has formally announced that he is a candidate for election as United States senator to succeed Senator Julius Caesar Burrows.

Epworth League at Marion, Ind.
Marion, Ind., July 1.—The state Epworth league convention is being held in this city, with 900 delegates present.

DESIGN FOR A \$4,500 HOUSE.

Devoid of All Frenks and Useless Features. Common Sense Exemplified. (Copyright, 1897, by George Palliser, 32 Park place, New York.)

In every building operation there is more or less money spent which might as well be saved and the finished result would be the better for such saving. To the practical mind which fully understands the purchasing power of the dollar and studies the conditions met with from the standpoint of common sense, utility and sensibility investment it seems strange how so much money can be wasted by the frivolities and caprices of those whose first duty should be to save all they can, and who, instead of trying to build economically, simply do the reverse, and the great effort is made to see how much they can make the work cost by getting in all kinds of senseless details, oftentimes entirely without a semblance of reason.

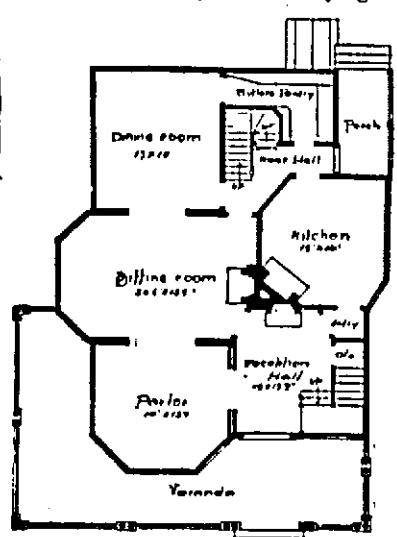

PERSPECTIVE VIEW.

There are many ways to build costly houses, among which may be mentioned a few as guides to the unwary, and which may serve as examples to those having money to burn. First get an impractical architect. This is a capital stepping stone, and the more fantastic his designs are the greater will be the success, always remembering that the most able in the fantastic class must have scope, that he needs clients who can pay liberally for the carrying out

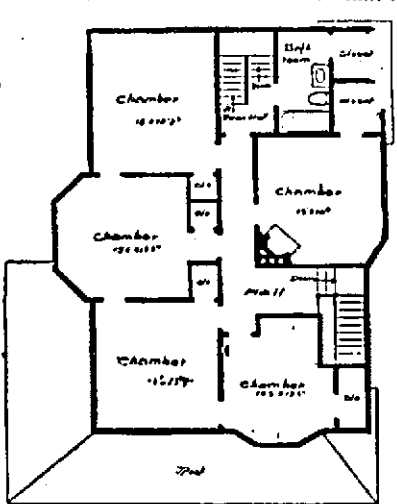

of his brilliant ideas and that frenks in all lines must be properly acknowledged and appreciated. Next comes the builder, who, from his standpoint, sees the position and figures to meet the issue, and whose aim is to get well paid for frenk work, as he is well aware it is of an unknown quantity and that to get it in practical operation requires time and patience and many changes, and changes mean cost and putting up and pulling down to work out the experiments tried. Another frequent plan of operation lies in the great knowledge of the owner who is addicted to frenkdom and knows just what he wants and how to get it by paying for it, simply to suit his own vanity, and this variety is very numerous in crowded communities.

To build a large house at a low price the frenk idea must be left out of the question, and plain common sense must rule. The design here illustrated is one that is

FIRST FLOOR PLAN.

entirely free from waste both as to space and detail and is of the most practical common sense variety. The building is of frame, clapboard and shingle finish, is adapted to a 50 foot lot and covers ground 35 feet front and 44 feet deep; cellar of stone, 7 feet deep, with cemented floor; first story, 9 feet 6 inches; second, 8 feet 6 inches; attic, 8 feet high in clear; house finished in hard plaster; has two rooms and a billiard room. In attic; was built for \$4,500 complete in a nearby suburb of New York and is one of the most comfortable and complete homes ever built for that amount.

SECOND FLOOR PLAN.

A thorough architect is always on the lookout for good material. There are bricks which improve with age and bricks which deteriorate. Cedar shingles turn an exquisite silvery gray through the action of the weather, and, again, some stains fade more rapidly than others, and some act as a preservative to the wood. Certain charming effects may be had from plaster; others by well chosen stone. Sometimes the common field boulder may be used to advantage. Too often, however, one sees stones weighing tons piled up into cyclopean pillars or chimneys entirely too heavy for the house and giving it an aspect appropriate only to the abode of the cave dweller.—Exchange.

Building Materials.

Expend yourself upon one room. Let your dining room or your hall or your library be the feature of your house. Keep the rest simple. Similarly let one choice possession give the keynote to the whole room. A man asked to describe a beautiful room once said vaguely of it he thought it was red. Now there was but one red thing in it, a magnificent song de bouquet vase, but the whole room was a shrine for that vase.—Exchange.

Feature One Room.

Expend yourself upon one room. Let your dining room or your hall or your library be the feature of your house. Keep the rest simple. Similarly let one choice possession give the keynote to the whole room. A man asked to describe a beautiful room once said vaguely of it he thought it was red. This week, at
HEIMSTREET'S
Drug Store.

Fine groceries for fine people.

Five reasons why many of our first families go out of their way to buy here:

Do you know that many of our customers are the wealthiest and most particular people in this town? They are people who have tried other stores—large ones, maybe—but were never fully satisfied until they came here.

FIRST—because we sell "guaranteed groceries—groceries guaranteed to be best in every way. No auction groceries; no seconds.

SECOND—because we give you your money back the minute you want it—the minute our goods fail to please.

THIRD—because our groceries are fresh and clean and pure. Nothing is allowed to grow old or old looking. We think we have the model grocery of Janesville.

FOURTH—because our prices are as low as any other grocer who sells good groceries. The rich customer usually wants things as low-priced as the most economical customer.

FIFTH—because we pay more attention to quick delivery service than others, and send up anything at any time good naturedly.

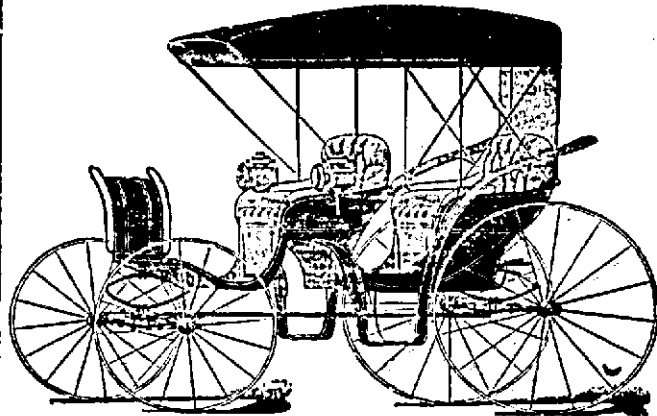

If you are not fully pleased with your present grocer, send us a trial order. You can go back to him again—if you choose.

The Cruiser Charles- ton.

Is one of the
finest ships of
its class in the
navy. It sailed
for the Philli-
pine Islands
some time ago.
